Final Decision - Again!

Since October 1999 Dr. Tarvardian has been the "acting" principal, filling in for Tom Brown who vacated his position for a transfer to the downtown CPS office. Due to a technicality with Chicago Public School requirements, the LSC could not permanently replace Mr. Brown until his four-year contract expired. On March 19, 2001, with a 7-0 vote, the Taft Local School Council made the hire official. We applaud their decision. Congratulations to Dr. Tarvardian!

"Grease, 2001"

A revival of the world-renowned musical, with Taft roots, was again brought to Taft's auditorium stage. Under the director of Taft Drama teacher **Nilda Pauley**, the 1950s experiences of **Jim Jacobs** (1960) were brought to life for two weekends of performances. The final evening was a special benefit night with a cocktail party beforehand and proceeds from the event went towards refurbishing the sound system and lighting in the drama studio. If you didn't get your ticket, you missed a great opportunity to relive your Taft high school days!

Open Letter from Dr. Tarvardian Latest Taft News

Much has happened since I took the helm in October 1999. I am gratified to report that Taft is on the move: we are regaining the community's trust and we are becoming the school of choice for parents who might previously have considered a private school. While we are sailing relatively smooth waters, a quill line looms on the horizon. I'm referring the several exclusively "college prep" schools which the Chicago Board of Education has opened recently. Even though they pose some competition, we are holding true to our course: to restore Taft's reputation as the premier general high school in northwest Chicago. Accomplishing this goal is not as daunting as one might expect because I have your legacy. You made Taft an academic powerhouse. Whether Taft will ever be a football powerhouse is problematic.

Because I live in the Taft attendance area, I was very aware of the level of negative press the school was getting in the local press. That situation has changed. Firstly, I put the papers on notice: if you can't write anything positive, then don't write anything. News articles, more often than not, are positive in tone. Secondly, those students who just couldn't put it all together and compromised Taft's image and reputation

have opted for other educational venues. Today, the halls are quiet, students are in their classes, and test scores are rising.

The curriculum has been expanded to attract the academically talented and gifted. We offer the International Baccalaureate Programme, the Academic Center program for gifted 7th/8th graders, Advanced Computer Technology, and Navel JROTC Academy. We just received approval to offer Cisco Systems Networking program. Next school year we are adding a digital photography lab. My objective is to produce the yearbook on CD-ROM. The students aren't as excited: they're concerned because they won't have a book to sign. I'll think of something.

We are definitely a 21st century school. We have twelve computer labs and 94 classrooms were just hard wired for the LAN and Internet connectivity. Kraft Foods is donating 124 computers (used); we expect to receive 50 computers plus peripherals from the Chicago Fire Department thought the efforts of Alderman Doherty.

The physical plant is in very good shape and because we are located on a flight path to O'Hare, the FAA is air-conditioning the gym to abate the road of those beautiful jets as they fly overhead. Construction on the new student entrance on the Bryn Mawr elevation begins in April. The building will have new signage: William Howard Taft High School - 27th President of the United States - 10th Supreme Court Chief Justice. The boys' locker room has been renovated, sort of. We got 200 used lockers from the 16th police district, which has relocated to new quarters on Milwaukee Avenue. The campus/fields need attention. We're trying for a campus park which would mean fencing the perimeter, installing a running track, skinning the softball fields, trees, ornamental planting and sprinklers. Keep your fingers crossed.

Another great Taft tradition is being restored. The first dramatic production in many years [was] scheduled for this Spring. "Grease" [returned] to Taft (Jim Jacobs, where are you?) ...We hope to raise enough money {from the special gala benefit night on April 7th, 2001} to refurbish the drama studio (lighting, sound, etc.). [See article elsewhere in this issue.]

As an aside, I love conducting tours for the reunions. To date, we hosted the classes of '50 and '60. Where are the others? Thank you for your love and devotion to Taft. One can ask for no greater legacy.

Arthur Tarvardian, principal

Remembering Our Teachers...

To TAA:
Does anyone remember Mr. Mitchell's home room?
Or Miss Clark's Spanish class? She was great! I still
remember some Spanish from her class. We had the
Reader's Digest in Spanish. It was great.

Arline (Nelson) Czech (June, 1945)

Hi Fellow Alumnus,

Just read the latest issue cover to cover. While
there are many years since 1950 and folks that I do
not know, I still greatly enjoy reading the "taft Alumni
Newsletter).

Interesting that Dr. Buchwalter keeps popping up.
Many of the other teachers just don't seem to have the
fame that she had.

There were two Army instructors at Taft when I
was in the R.O.T.C. There was Sgt. Reidnor who was
there when I came to Taft and stayed on until I
graduated but then the last year or so, he was assisted
by a Corporal Burke. Both were very good instructors.

I too have been on the Internet on
"WWW.gradfinder" and found Taft classmates.
Gradfinder is another source of keeping up with
friends.

Keep up the great job with the Newsletter. All
stops at our home when it arrives until it is read.

To TAA:

Mrs. Wolavka (this is the correct spelling) was a
fabulous math teacher. Yes, her one son, Charlie,
was a dentist and the other a physician in Michigan
City. If memory hasn't escaped me, her daughter was
a teacher. All three of Charlie's children attended
Ebinger and Taft - Charlie, Susie, Billy.

Mrs. Wolavka was a woman of infinite patience.
Who do you know who would allow their son (Charlie)
to raise 100 small chicks in the basement? I know this
for a fact - my father was one of his "partners-in-
crime".

...I can't begin to say how badly I felt that I had to miss our class reunion last fall but it all came just as we were selling one of [our] houses. I have had some contact with a couple of my classmates since that time but wish I had been able to meet each and every one of them. My e-mail address is listed on the Web Site and I would be only too happy to hear from any of my old friends and to all of them - "Hope Life is Treating You Well!"

I live in a town of @4,000. Within that town there is a community of @2,000. And, within that community there are 2 Taft graduates. The town is Cool, CA - in the foothills of the Sierra's - less than 10 miles from the site of the first gold discovery and more than 400 miles from Chicago! If you drive through and sneeze or blink, you will miss the whole place. The community is Auburn Lake Trails - and the two of us never knew one another or of one another until we met at a community meeting and got into the "Where are you from?" "Oh, which school?" Etc..... Her name is **Marilyn (Thoren) Hindman** (January, 1948).

Dear Taft alumni,

It has been a long time since I have addressed or thought about anyone from Taft. I have made contact with a few of you and have enjoyed our conversations quite a bit.

I must say that things have changed since my time at Taft. I know as we get older we become

more mature. I have found this to be my case most definitely. I'm sure the rest of you have the same feelings. Like some of you I am divorced and remarried. I find my second marriage to be far better than my first. My second wife is probably one of the most tolerant people I have ever met. Now some of you will remember me as being kind of hell raiser. For those of you that remember that I can say only say that time has made a difference, and I look forward to seeing you quite a bit. I have already seen a few of you, and it would be good to talk about old times and reminisce over high school. I'm sure we have all changed in physical appearance. My light brown hair is now black and gray. I am sure there are similar changes in all of you and I'm sure that we would like to see the same person in the mirror that we saw on graduation day.

I do look forward to seeing the changes. Occasionally I will look through the yearbook, and remark

on certain memories. I have often wondered what has become of some of you. It would be good to catch up on some of that ancient history.

I can remember some of us talking about our goals and what we would like to do with our lives. It would be interesting to find out how close we came to some of those goals. I can only say in truth that in my case I'm about forty million miles off, and I'm sure that after talking to me would agree. In fact there might even be a few of you that may be totally astonished. I know I have done that to a few already. So I do look forward to meeting up with my classmates again.

Rev. Dr. **Ron N. Ronneberg**

I wish everyone would make an effort to attend their high school reunions. Even if you're not where

you'd like to be in your life, you'll find that you're not alone. It's great to keep in touch with the special people of your youth. And remember, we all mature and grow, and for the most part, even the bullies and jerks are nice people now.

Gail (Galla) Nehrig (June, 1968)

Dear Editor:

I was disappointed to read that, FBI agent allegedly turned traitor, **Robert Hanssen** (June, 1962) had grown up in Norwood Park and graduated from Taft. Having done both of those things myself a mere five years ahead of him, I am unable to comprehend how he and I could have come from such a similar background and yet ended up with totally different concept of duty, honor and country. That contradiction made me think about another Taft graduate, my childhood neighbor on Raven Street, **Dale Luster** (1958) and how ironic it is that Hanssen has become famous for his alleged act of treason, while Dale has long since been forgotten by all but a few of us who knew him.

In 1964, as young Marine lieutenants, Dale Luster and I were stationed together in Hawaii; where he was a jet-fighter and I was an infantry platoon commander. Then in the spring of the following year we were among the first to go to Vietnam at the beginning of the American build up there. Both of us made it back from that tour of duty unscathed, but Captain Dale Luster, a career Marine, returned to Vietnam a year later. On September 26, 1968, after having completed nearly 200 combat missions, he was shot down and killed less than two months prior to the date on which he was scheduled to return home.

Two years ago, after having visited the house I had grown up in for the first time since my mother moved away twenty years earlier, I took the time to walk up the

"Highway" and cross over the railroad tracks to the tiny little park that sits surrounded by concrete at the spot where Raven, Nina and Avondale intersect with each other. Dale Luster's name is engraved on a plaque there, along with that of another young man from Norwood who was also killed in Vietnam. I doubt that many people even know about the plaque and I'm certain that fewer still have taken the time to pay their respects there. Dale's name is also on the Wall in Washington, D.C., of course. I know that because I have seen it there, along with the names of ten other friends of mine: including **Tommy Grud** (1960), who along with his brother John, spent many hours during the late '40s and early '50s playing one kind of ball game or another behind Onahan school with my brother and I. Still, it hurts me to think that, while most people will now end up remembering Robert Hanssen, few will remember Dale or Tommy or for that matter any of the others who have given their lives in the service of their country.

Lynn Terry (June, 1957)

[President's Note: Dale Luster is not forgotten. He is honored every Memorial Day by the community, thanks to Tom Day (June, 1958) of the Black Sheep Squadron. I have also visited the Wall and left memorials for all the Taft graduates I know about. Kay Kuciak]

My next door neighbor **Lee Bazany** (June 1950) and I may set the record for Taft graduates living near each other. Our twin homes share a common wall.

Lee and I had never met before becoming neighbors and we quickly learned that we had both attended Taft and Ebinger. We also lived a block apart on Oconto Ave and have retired from competing companies in the packaging industry.

Coincidentally, my Daughter and Son In Law are graduates of Gustavus Adolphus College in Mr. Ostrom's city of St Peter, MN.

Memories of Hitch

Where are you now class of June 1959? I sure would like to know.

Darlene Mindak...you always had the best parties. I learned to dance at your house. What a dancer you were and I'm sure still are...save a dance for me at the next Taft reunion.

Ray Bellucci and **Kathy Foster** were an item...only to part ways when we went to Taft. I stopped in Ray's motorcycle shop not to long ago to renew our past friendship.

Bonnie Steinke...had a hippie party and I came in green pants thinking everyone else would dress weird, well I was the only one.. memories.

Wayne Johnson...we met in Las Vegas in October of 2000. Wayne and I covered a lot of old memories. Wayne has always been a buddy to me.

Ron Calderon, Jerry Kurinski, Buddy Thornton...were part of the Ariabians Club we started only to fizzle out weeks later.

Jill Wagner, Carol Thorstenson...two of the best you could ever know.

Todd Dvorak...a true friend indeed always had the neatest cars. Whoops I got ahead of myself here, we are talking about Hitch, OK the neatest bikes.

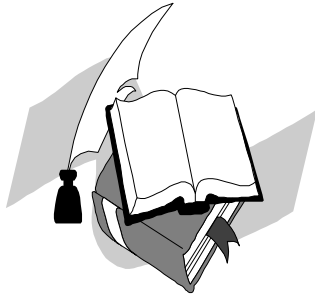

Gary Piehl, wow what a friend, he was a real cool guy.

Joan Todd...you talk about a real caring person...Joan was at the top of the list. **Robert Cella**... a special friend indeed...if you needed someone to be there for you, he was the person.

Kenneth Noffke...another special special friend, lived on the next block from me. **Mary Fijak, Malma Mitchell, Cheryl Larsen** special special special, **Barbara Belmont**, as yes, broke my heart in 8th grade, I believe there are 3 friendship rings I gave her on the roof of Hitch.

Lost Classmates

Searching for old classmates for whom you've lost touch? The Taft Alumni Association does not provide names or addresses of alumni from our records other than for legitimate class reunions. However, we will help you in your search by publishing the name(s) in this newsletter. If that party responds to us, we forward that person's name and address to you.

The suggested donation for this service is \$5.00 per name. Send your request and/or response to Taft Alumni Association, 6545 W. Hurlbut St. Chicago, IL 60631

This issue we ask help locating: **Lloyd Swanson** (June, 1956) - **Bob Oleskow** - Robtdiana@aol.com is looking for his old classmate.

Letters (continued from page 2)

As for myself I will always remember the bond I had with these school friends, most of us went through all 8 grades of Hitch and then on to Taft where we became more individuals. Childhood friendship will last a life time as Wayne Johnson and I discovered after meeting again more than 30 years later. To us it seemed like a week has past and not 30+ years. I live in Thousand Oaks, CA and I sure would like to hear from you. Come on let me hear from you and renew the friendship we once had.

Subj: Maria Pappas, County Treasurer
Date: 1/5/01 6:54:29 PM Central Standard Time
Dear Jerry,

After reading the last issue of the Taft Alumni News I was happy to see that you informed all my former classmates, June 1962 that I am not the Cook County Treasurer but, I certainly wish I were. Sounds like an interesting job especially now with all that surplus money!

After college I taught for thirteen years in Mt. Prospect. I then stayed home for sixteen years raising my two children, Kristen, 21 and John, 18. I am now teaching again in Park Ridge, Dist. 64-fourth grade. I really love what I'm doing and am real happy to be working with kids again. I do have to admit it has changed a lot but I do think for the better.

I live in Park Ridge and am married to George J. Economos. As you can see I never moved very far away. I often run into people from Taft because there are many here in the area. Keep up the great job. I look forward to read the Taft Alumni News.

Taft Alumni

As most of you who were at Taft in 1949 when the baseball team won the City Championship know the starting pitcher on the team was George, "LITTLE-SOO-EY" Maier, (deceased 1991). During the last several years I have been trying to acquire any stories and articles from the Taft Tribs of the spring of 1949 regarding their great championship season.

I have written this letter in hopes that anyone who was at Taft at that time might have copies of the Taft Tribs from the spring of 1949, regarding the baseball team's victories. If so, please contact me at any of the following :
E-Mail: marv maier@worldnet.att.net, office; (815) 455-8050, FAX; (815) 455-8051, or by mail at home. Any originals will be gladly returned after copying.

I'm A Senior Citizen (some of us, that is...)

I'm the life of the party, even if it lasts until 8PM.
I'm very good at opening child-proof caps with a hammer.
I'm usually interested in going home before I get to where I'm going.
I'm the first one to find the bathroom wherever I go.
I'm awake many hours before my body allows me to get up.
I'm smiling all the time because I can't hear a word you are saying.
I'm very good at telling stories...over and over and over and over.
I'm aware that other people's grandchildren are not as bright as mine.
I'm not grouchy, I just don't like traffic, waiting, crowds, children, and politicians.
I'm positive I did housework correctly before my mate retired.
I'm sure everything I can't find is in a secure place.
I'm realizing that aging is not for sissies.
I'm a walking storeroom of facts. I've just misplaced the storeroom.

I'm in the "initial" stage of my golden years: SS, CD's, IRA's and AARP.
I'm having trouble remembering simple words like _____
I'm sure they are making adults much younger these days.
I'm wrinkled, sagging, and lumpy, and that's just my left leg.
I'm supporting all movements now. By eating bran, prunes and raisins.
I'm so cared for: long term care, eye care, private care and dental care.
I'm going to reveal what goes on behind closed doors.. absolutely nothing.
I'm a senior citizen and I think I'm having the time of my life!

Advice From Bill Gates

To anyone with kids, of any age, here's some advice Bill Gates recently dished out at a high school speech about 11 things they did not learn in school. He talks about how feel-good, politically correct teaching has created a full generation of kids with no concept of reality and how this concept set them up for failure in the real world.

Thanks to **Ken Wilcox** (June 1965) for sending us these words:

- RULE 1 - Life is not fair - get used to it.
- RULE 2 - The world won't care about your self-esteem. The world will expect you to accomplish something BEFORE you feel good about yourself.
- RULE 3 - You will NOT make 40 thousand dollars a year right out of high school. You won't be a vice president with a car phone, until you earn both.
- RULE 4 - If you think your teacher is tough, wait till you get a boss. He doesn't have tenure.
- RULE 5 - Flipping burgers is not beneath your dignity. Your grandparents had a different word for burger flipping - they

called it opportunity.

- RULE 6 - If you mess up, it's not your parents' fault, so don't whine about your mistakes, learn from them.
- RULE 7 - Before you were born, your parents weren't as boring as they are now. They got that way from paying your bills, cleaning your clothes and listening to you talk about how cool you are. So before you save the rain forest from the parasites of your parent's generation, try delousing the closet in your own room.
- RULE 8 - Your school may have done away with winners and losers, but life has not. In some schools they have abolished failing grades and they'll give you as many times as you want to get the right answer. This doesn't bear the slightest resemblance to ANYTHING in real life.
- RULE 9 - Life is not divided into semesters. You don't get summers off and very few employers are interested in helping you find yourself. Do that on your own time.
- RULE 10 - Television is NOT real life. In real life people actually have to leave the coffee shop and go to jobs.
- RULE 11 - Be nice to nerds. Chances are you'll end up working for one.
