The Grease Class Does 40

By **Shirley (Kalivoda) DeWeese**
(June, 1960) - Reunion Chairperson

The class of June, 1960 celebrated their 40th reunion on October 14, 2000, at the Hyatt Regency O'Hare in Rosemont, IL and it was such a thrill for everyone. The warm fuzzies that weekend were incredible. It was like we stepped back in time.

Our weekend began on Friday night with an ice-breaker in Knuckles Sports Bar at the hotel, a tour of Taft Saturday morning (thank you so much Kay and Frank for helping with the tour), the dinner/dance Saturday night and a champagne brunch at the hotel Sunday morning. Two mini grammar school reunions were held prior to the cocktail hour on Saturday night, Garvy and Ebinger. They were very precious to those of us who attended those schools.

Reunion Plans

The classes of June and January 1947 have had reunions every 5 years since graduation. In 1994, they had a 47th (in honor of the class graduation year) in the winter (in honor of the January class) and in Florida (because a lot of them were there - and the weather IS better). After their 50th reunion (1997) in Chicago, they decided that another five years would be too long to wait, so they planned a 52-1/2 year reunion in FLORIDA. They had a good turnout and a great time. **Shirley Huntmann Taylor** (1947), her husband Bill and other real musicians supplied BIG BAND music for their

See [Reunion Plans](#) | Page 3

1960 Reunion *Continued from page 1*

Our special guests included teachers **James Stamm, Irving Stein** and **Marie Muscarello**, and our very own Taft Alumni Association President, **Kay Kuciak**. How wonderful it was to have them with us!

The program was presented by class vice president, **John Breen**, reunion chairmen **Shirley Kalivoda DeWeese** and **Stu Dunn**, and special guest speaker, classmate **Jim Jacobs**, co-author of the hit musical "grease".

Both the Chicago Tribune and the Chicago Sun Times carried great articles about the "original cast of Grease" and their 40th reunion, complete with pictures from our yearbook. It was nice to have Taft in the spotlight again.

We sang the Taft Founder's March while our cheerleaders led us on. It was soooooo cool. Even our D.J., **Joe Bartel** (and his father), went to Taft. This was definitely a very special Taft night. (Of course, it would have been a bit better if I hadn't torn a ligament in my ankle dancing to Rock Around the Clock, but hey!)

A large vote of thanks to the reunion committee who did such a great job and they are: **Stu Dunn, Judy Caloud, Doris DeWitt, Arlene Laufer Ware, Pat Latimer Mortenson, Judy Schmidt Trisilla, Dennis Ferson and Dennis Anderson**.

Jim Jacobs said he often tells an audience, "Thank you for appreciating and loving the people I went to school with". The love of those people in the room that night demonstrated how right he was. You can go home again. GO TAFT!!!

We are definitely going to do a 50th after this wonderful experience. Class of June, 1960, please keep me informed of any address change so I can keep track of you. Here is a picture of the "Beauties and the Beast" cheerleaders. If anyone would like a copy, please send a self-addressed stamped letter size envelope to me at 1425 Caldwell Ln., Hoffman Estates, IL 60194.

Letters to the Editor

Dear TAA,

I'm interested in having/organizing a reunion for Ebinger School for the years of 1967 and 1968. But I would need volunteers to help me. Would you print this in the next newsletter, I appreciate it.

Hi Jerry

Just saw the TAA Website. Great! While clicking on the various categories I thought perhaps one more would be in order. Would it be possible to list all of the alumni that lost their lives in the wars since WWII? Can you put it to the directors for their opinions? An appeal in the newsletter for additional names might be helpful.

Frank Zemaitis (June 1940)
PenStabs@aol.com

[President's comment: I have always thought this was a good idea but nothing ever came of it. I have a list from the 50th anniversary that probably has 15 names on it from WWII. Kay Kuciak]

Dear Kay,

Thanks so much for keeping up the newsletter. I enjoy reading it and look forward to it when it comes. I get back to the old neighborhood every now and then, and feel at home when I do. I attended the "Grease" rally a couple years back and that was so fun!

Nancy (Rodrick) Scatchell (1974)

Dear TAA,

Is anyone from Oriole Park, class of 1973 interested in getting together? Please contact me.

Editor:

I think that just about everyone had looked back on his or her high school years and at one time or another has said, "I wonder what ever became of so and so?" Or when we met someone we went to school with its, "Do you remember the time etc., etc." Some have even married their high school sweethearts.

Having graduated in June of 1952, my 50th class reunion will be coming up. The last class reunion my wife and I attended was in 1972, the 20th reunion. As a United States Postal Inspector, in 1988, the chance came up to transfer from the Chicago office to the Phoenix Arizona office. While working a case in Phoenix in 1990, I was coming out of a store. There was a man and woman just going into the store. They both smiled as we went by a the door and said hello. I said hello back and kept on walking out. It was at [that] point the man said, "what's the matter Mac, don't you say hello to old friends!" It was **John Fratzke**, who now also lives in Mesa, AZ with his wife and who I had not seen since 1952. We both played football at Taft. He told me at that time about the Alumni Association and the newsletter. I went home that night and told my wife Patricia about it and she said I should follow up on it, but until now I never did.

In 1993, due to Federal Law (20 years service and 55 years ago) I had to retire. I was always going to get in touch with the alumni, but never did. In 1997 my wife passed away and again, while in Chicago for her funeral, I was going to see about the alumni at Taft, but never did.

In August of this year I was back in Chicago on family business. This time I made it a point to go to Taft myself and inquire about the alumni. What a change, from a small school that I knew, to a very big, big school with security peoples all over. My wife would be very happy that I finally did it, and so am I. It only took 10 years!

Bill McCarthy (June 1952)

Dear Jerry,

How interesting it was to read **Tom Spenny's** (January 1958) letter (Summer 2000 TA newsletter) about the old New Hampshire Ave. school store next to the original Norwood Park School that was at New Hampshire and Hurlbut. Our family moved from Edgebrook to Norwood Park in 1944; we moved to the NW corner of Natoma and Hurlbut (5700 Natoma). At that time the New Hampshire/Hurlbut corner was vacant and remains of the old school's foundations were visible. I thought that was really "neat". Regarding your note about that old school and a Mrs. Wolufka - she taught at the Norwood Park School at Nina and Nickerson while I was there (1944-1950). She seemed "real old" then, to me, and when my classmate, **Paul Sampson** told us she

See **Letters** | Page 4

Letters *(Continued from page 3)*

had taught his father - WOW, she had to be ancient! The fact of the matter is that Paul's dad was probably in his early 30's - e,i,: born about 1914, so he and your dad may have been classmates at the old NPS in 1924-26. By the way, Mrs. Wolufka lived on Nina Ave - just across the street from the "lower grades side" of the school. She taught 7th grade and math, as I recall (we were in a "departmental" program in 6th, 7th and 8th grades, in those days. We moved from room to room for math, science, English, etc.) Mrs. Wolufka had a dentist son, "Charlie", with a practice in Edison Park. She was, in fact, probably only in her early 50s in the late 40s.

Dear Jerry,

So glad to have received the summer 2000 Alumni newsletter. The letter from **Tom Spenny** (January, 1958) regarding the school store on Nagle Ave. really peaked my interest because I happened to have lived two doors down from the store! My family moved into the house in 1948 when I was 12 years old and yes, at that time the store was one of the official Taft school stores, candy store and also teen-age hangout. As a 12 year old I was quite impressed with the guys and gals that hung out there; in fact, I do believe they represented the role models for the highly successful musical "Grease" which was written by Taft graduate Jim Jacobs.

The demise of the store and a wide strip of property paralleling the south side of Bryn Mawr Ave. happened because in 1955 the State of Illinois condemned all this land for the building of the Kennedy Expressway which we well know now runs parallel to Taft. Once all the properties were vacated, the land was leveled and construction began. I hope this confirms the fact that the store on Nagle Ave. is no longer around. This does not diminish the fond memories of a by-gone era; only makes one recognize that we cannot stand in the way of progress.

Hi Jerry,

Thanks for making this paper happen, it is great. **Joe Hanket** (1955) got his paper and emailed me telling me that there was an inquiry about my journalism days. Well 7 days later I received my paper! Colorado must have faster postal people than California, and ours are warmer!

In response to **Penny Neeb Hoffman**, (1958) I am the ex-cartoonist from journalism class. My art career was pursued for about 4 years and then was dropped to marry, raise kids and move a lot. After retiring in 1995 I took up painting again.

Dear TAA,

Just received my latest TAA newsletter. Everything stopped in this household while I read it cover to cover. I

always enjoy reading the TAA...

I have been corresponding via e-mail with one of Taft Alumni from class of 50 that I met through the TAA newsletter and it has been fun catching up on things that happen up that way.

Keep up the great work the TAA staff is doing. I noticed the article about Downsizing and was very interested in it. as I remember when I started to Taft I was not in the district and my Mother and I had to go downtown to the Cook County School Office and get special permission to attend Taft which was within walking distance (5 Miles) and Schurz, Steinmetz meant a long bus and streetcar ride to either one of them.

I will be looking forward to the next issue. and this site is now on my computer favorites so I don't have trouble finding it next time. Us OLDIES are a little slow with these new things.

I read Marylenn's article in the last Taft Alumni magazine and was so surprised to hear that she is in London. I work for British Airways and go at least once a year there. I would love to meet up with her and she said to contact her in the letter to the Newsletter Staff but unfortunately she did not give her e-mail or regular address. I graduated with her and shared some very funny moments as we shared many classes together. Could you please pass onto her my e-mail address? Thanks a lot.

Dear KAY...

Thank You. Thank You. Nosy me. By the way which grade school did you attend?

We hope to have a very successful reunion 29 of 36 have been located 6 missing only one deceased. Of the 29 located over 20 have expressed interest in attending. I think that is pretty good after 40 years.

Will you be having a special write-up in for the "GREASE" class reunion (1960) in the newsletter? I take it you saw all the news publicity in the papers.

When I meet new friends and we get into the subject of high school days I always note I went to the real "RYDELL HIGH" (though I caught the end of the greaser era.)

Thanx again for your help

Dear Editor:

In the last edition [Summer, 2000] of the alumni newsletter there was a photo of **Ral Donner** (1960) and **Rick Terry** (1960) in their Norwood Park little league uniforms. The accompanying letter from (late '50s Taft baseball great) **Lynn Terry** (June 1957) on the tragic premature deaths of both Ral Donner and his younger brother Rick was both a wonderful tribute and a touching eulogy.

His letter had special meaning for me since I was fortunate enough to have known both Rick and Ral quite well. I first met each of them when we played together on that same little league team back in the summer of 1954. The team was Colorado Springs (see photo). And, we finished in last place.

Since I went to a different grammar school, it wasn't until I got to Taft, a few years later, that I bumped into my old baseball teammates once again.

Ral (Ralph) Donner was already Mr. Rock 'n Roll. He dressed sharp, looked cool and he sang exactly like Elvis. He was 15 and he already had sideburns! He was threatened almost daily by **Miss Marquardt**, "Cut those sideburns off or you'll be expelled!"

Rick Terry, on the other hand, was one of the funniest guys I ever knew. And, he became one of my favorite high school "greaser" buddies. Sadly, he also became the first friend -- I mean, a guy I actually knew -- to lose his young life. I'll never forget it.

Rick was only 17 when he was killed in a car accident. Ral Donner succumbed to cancer at age 41. I am saddened by both their deaths to this day.

Is there any town of less than 10,000 people and located more than 400 miles from Chicago that can boast of more Taft graduates than St Peter, MN. St. Peter is the home of 5.

Remembering Our Teachers...

Dear Alumni Association,

I wanted to take this opportunity to mention an outstanding and inspirational teacher, **Mr. Patt**. I had him junior year for Trig. Mr. Patt was the kind of teacher who students could trust. He often shared personal stories with us about his first car, his family and kids, and about what college was like. He told us the truth - that it was hard. His honesty was much appreciated.

Mr. Patt's passion for math was what pushed me to pursue a concentration in math during college. He was the kind of teacher who made us not only memorize the quadratic equation, but also derive it. (It came in handy in college since I had to do that anyway).

Mr. Patt was also the kind of teacher who would work on a problem until he solved it. I remember one day we solved a problem that didn't come out right and we couldn't figure out why. The bell rang and the class didn't really care but Mr. Patt told us he'd figure it out. The next day we came in and he had it solved. His persistence was an admirable quality.

During my senior year Mr. Patt left the CPS System to teach in the suburbs. We knew it was a difficult decision for him and he was truly missed. I don't know if he receives your newsletter, but I wanted to thank him for being such a great teacher. I know others feel the same way. Unless he took up one of his side jobs of being a DJ or a carpenter full-time, I hope he's still teaching.

Dear Jerry Bloom,

I have received a copy every now and then but realized I did not get one very important (to me) issue, and that is the one with a picture of "**Pops**" **Rapier**! It was when I read the letters about the previous issue that I realized I need to subscribe. Would you be so kind as to send me that issue with Pop's picture in it?

When twin sister **Marilynn (Pfeiffer)** and I arrived at Taft we had been given the impression that instruments for Beginner's Band would be furnished. When we learned this was true of just a few large instruments we told Pops we couldn't be in the band. We were so disappointed and I was "crushed", figuratively and almost literally, when Pops offered me the base tuba. My Freshie tears of embarrassment told him this wouldn't work. Meantime Marilyn took her place in the trombone section with the only other furnished instrument. Pops must have been thinking, "What do I do with this other twin?" Bless his dear heart, he told me to borrow the cornet, which was in the instrument room. (I barely knew which was the cornet!)

The second day in Beginners Band, Pops handed me his own beautiful trumpet, and a mouthpiece to use for as long as needed! When Pops wanted to demonstrate a rhythm or

get us in time, I'd hand over his horn, he'd put in his mouth-piece and play away! Each semester before Marilyn and I were able to get our own horns, Pops would insist, "of course you are to sing up for band."

What a gift! What a spirit and what a wonderful person! What an influence he had on so many lives, including Marilyn's and mine! No wonder we all just adored him! He was a really special "Pops."

My experiences with Pops in band for four high school years are my happiest memories of Taft! Pops opened up the world of music for me. (I no longer play my trumpet but I enjoy singing in our church choir.) One result is all three sons played brass instruments. Two of them still do on occasion and the other son kept up on piano and plays with his daughters. My beloved trumpet is waiting for one of our grandchildren to decide to play it. I'll always be grateful to Pops for so many fond memories of Taft days and the gift of his patience, his talents, use of his horn and especially for the start of a love for music.

Mary Kay (Kretch) Haben, Judy Bauman, Jeff McGowan and Lisa Brandt-Whittington, Taft alums at Kraft are "teaching" and I am sure that they wish they had this opportunity when they were at Taft. So please, help us make a difference in a child's life!

It only takes 45 minutes a week for 8-10 weeks..you can arrange the time with the class teacher. You can also "team teach" with a friend, so you don't have to go it alone, and can have flexibility if your schedule does not enable you to make every session. Also, Dr. Tavardian will be allowing us to utilize Taft in the evenings and Saturday mornings for this project.

Interested? Please e-mail Judy Bauman at jwbauman@kraft.com to join us!

"Where Are They Now? - Jim Jacobs"

by Stacy Adams (article reprinted from Chicago Educator, Vol. 6, No. 4 (December, 2000), p. 13. (for the Chicago Public School community)

Jim Jacobs [1960], co-creator of the longest running show in Broadway history, says that he is one alumnus whose life definitely changed for the better because he attended a Chicago public school.

Jacobs said that his experiences at William Howard Taft High School were the motivation behind "Grease," which, in addition to being the king of Broadway is also the biggest box office movie-musical of all time. The first version of "Grease," which Jacobs co-created in 1971 with the late Warren Casey, was a modest stage production at the Kingston Mines Theatre in Chicago.

Jacobs was acting on his high school dream of becoming an actor and a rock-n-roll star when he began composing "Grease" on his guitar and brought his ideas to Casey.

Those first performances were the catalyst for the book, music, and lyrics of "Grease," which eventually launched the careers of actors such as John Travolta, Richard Gere, Patrick Swayze, and Marilu Henner.

Jacobs said that "Grease" is based on a time when his live for music was being nourished at Taft, 6545 W. Hurlbut St.

"I had a great teacher who taught me more about classical music than anyone else, and then on Fridays he was hip enough to let us bring our own music," Jacobs said. "Mr. Compton was his name, and he was great. He didn't have any fear of art."

With that support, Jacobs began playing guitar and singing in several rock bands. However, Jacobs said that while his music interest flourished, his academics lagged behind.

"My focus wasn't there," he admitted. "It was funny, because my first year of high school I was really a superior to excellent student, but by my third year I was getting Fs and Ds."

Jacobs said he eventually did well enough to pass his classes, and shortly after graduating in 1960 he landed a job as a Chicago Tribune office boy. It was there that he met a community theater director.

"He said, 'Why don't you come and see a play,' and I kind of stumbled into it from there," Jacobs said humbly of his career.

He then began working as an actor and writer in community theaters and later landed the title role in the Midwest premiere of "Jimmy Shine" and a Broadway role in the Pulitzer Prize-winning play "No Place to Be Somebody: in 1971.

Jacobs also co-authored several other plays and musicals, including "Castaways - Island of Lost Coeds," "Bats in the Belfrey" and "Remember the Night."

Now, Jacobs has placed his main focus on promoting the worldwide resurgence of "Grease" and spending time with his wife, actress, singer and dancer Denise Nettleton.

He also tries to keep up with the current events at the real Rydell High - Taft High School, and recently attended his 40th class reunion.

"I had the best time of my life," he said of his days at Taft in the 1950s. "Those truly were 'Happy Days' for me."
